

BERTONERI

A FIREPLACE FOR YOUR HOME

Collection 2020

Over 200 years ago in the hills above Tuscany,
Geovanni Bertoneri began work on his first marble fireplace.
Taking brilliant white marble, from the same area where
Michaelangelo himself sourced stone used in his sculptures.
The Bertoneri name has been synonymous with the
finest fireplaces ever since.

The real craft of making a fireplace begins with nature.
Over the millennia, natural processes have created
& compressed grains of sand & minerals to produce
extremely varied & colorful patterns.

Owing to this
naturally formed beauty,
marble was the favoured medium for classical sculptors
& architects. Since then it has become a cultural symbol of
tradition & refined taste.

At Bertoneri, we do the easy bit, carefully crafting & shaping what nature
has created into a beautiful fireplace for your home. Our collection of stone
& marble fireplaces features the latest in contemporary design as well as
traditional & classical favourites.

New Bioethanol Fires

Real flames anywhere.

Every home deserves a Henley, and our new range of bioethanol fires is the perfect option. Henley Bioethanol fires are perfect as it adds a lavish look to your room. With its simplistic flueless installation there is no need for any chimney or flue pipes. It is the cleanest and one of the most environmentally friendly forms of heating with no soot, dirt or ash.

What are Bioethanol Fires?

It is a fire fuelled by an environmentally friendly and sustainable liquid fuel that is created from plant extracts. There is no chimney or flue system required as this fire does not produce any smoke, ash or dust so they are much cleaner and more efficient with no loss of heat. Bioethanol fuelled fireplaces are a perfect alternative to a conventional gas, wood or multifuel fire.

What are The Benefits?

- Ease of Installation
- No Chimney or flue system required
- 100% Energy Efficiency
- Environmentally Friendly
- Easy to Use & Maintain
- Focal point to your room
